

Golfview Hills Park District

- **P.O. Box 203**
- **Clarendon Hills, IL 60514**

Board of Commissioners:

President	Suzanne Zuver
Vice President	Ron Stavinga, M.D.
Secretary	Mile Quinlan
Treasurer	Tony Maggiore
Commissioner	Paul Jepsen

September 2017

It was a busy summer for Park District:

General maintenance in Wiseman included staining of the gazebo and repair to benches, lawn maintenance, and trimming of trees. Our thanks to Paul Jepsen with backup from Ron Stavinga in keeping the flag flying. Still to be done is the installation of new signage for the park and for the Tot Lot. A review by our insurance agent assured us that safety measures are meeting all requirements. Bocce ball continues to attract 20-30 people each week. Two courts are now a permanent addition to Wiseman Park.

We continue to address the standing water problem in Armstrong Woods. Fill and grading were a positive step this summer. A new gate has been installed at the beginning of the access road as a safety and security measure. The Fire Department and IDOT have access to the code. Shoreline landscaping was completed as part of co-operation with Homes Association addressing the issue of geese in the parks.

- A reminder that each home is entitled to a \$50 rebate, per fiscal year, for participation in another park district program, library system, Community House program. Form is on web site.
- We have made every attempt to bring the Memorial Garden bricks up to date. Should you notice an omission, please contact Susie Zuver to have the name added.

Kudos to Roger Clemens and Tanya Ware, Homes Association Representatives who chaired this year's July Celebration. Next year Park District will be organizing the event. Park District and Homes continue to share the expenses.

Consolidated Election April 2019: Four commissioner positions will be open. If you are interested in joining the board, election packets can be picked up from Mike Quinlan, Secretary. Petitions are due back by December 1st and will be available in the next few weeks.

Budget 2019-2020:

Please review the following budget proposal. Note that the revenue to support these figures is a combination of taxes and reserves. Should you have any questions, please don't hesitate to contact one of the commissioners. Improvements under consideration are the establishment/maintenance of usable paths in Armstrong Woods, and continued restoration/landscaping/recreational use of "Prairie Area." Resident input as to possible future uses of all these areas is always welcomed.
